Digital Lock Using AT89C2051 with LCD and Keypad - Assembly

A Brief Description:

This project is a rewrite of previously made project "Digital Code Lock using keypad and LCD"

I got many requests from student's side who want this project in Assembly language. So i spent some time making this project.

You will find working of this project same as that of original project. Nothing has been changed as such.

Please use forum if you find any problem.
